I. Introduction

1. Pursuant to Pre-Trial Chamber I's "Decision on Information and Outreach for the Victims of the Situation" issued on 13 July 2018 ("Chamber" and "Decision of 13 July 2018", respectively),¹ the Registry hereby submits its thirty-second report on the progress of its activities related to information and outreach for victims and affected communities in the situation in the State of Palestine ("Palestine" and "Situation", respectively).

II. Procedural History

2. On 13 July 2018, the Chamber, in a previous composition, issued a decision by which it, *inter alia*, ordered the Registry to: (i) "establish, as soon as practicable, a system of public information and outreach activities for the benefit of victims and affected communities of the situation in Palestine";² (ii) submit an initial report on its activities "at a time deemed appropriate but no later than 14 December 2018" and inform the Chamber, every three months, about the progress of its information and outreach activities and the challenges encountered;³ and (iii) "create an informative page on the Court's website, especially directed to the victims in the situation of Palestine".⁴
3. Since 12 November 2018, the Registry has regularly filed periodic reports on the progress relating to information and outreach activities for victims and affected communities in the Situation.⁵

III. Classification

4. Pursuant to regulation 23*bis*(1) of the Regulations of the Court (“RoC”), this report is classified as “confidential” since it contains sensitive information [Redacted].
5. The Registry will concomitantly file a public redacted version of the present report.

IV. Applicable Law

6. The Registry submits the present report pursuant to the Chamber’s instruction,⁶ as well as the applicable law recalled by the Chamber in its Decision of 13 July 2018,⁷ and in accordance with regulations 8 and 23*bis*(1) of the RoC and regulation 6 of the Regulations of the Registry.

V. Submissions

A. Registry activities during the reporting period (12 May – 11 August 2026)

a. Activities conducted by the Public Information and Outreach Section (“PIOS”)

7. During the reporting period, the prevailing safety and security environment affecting relevant stakeholders remained materially unchanged compared to the preceding cycle. [Redacted].
8. [Redacted].
9. In response to the prevailing circumstances, the PIOS is continuing to evaluate possible avenues for outreach engagement [Redacted].

⁶ Decision of 13 July 2018, para. 19 and Disposition, *lit. b*) on p. 10.

⁷ Decision of 13 July 2018, para. 6.

10. To enhance access to situation-related information, and in response to specific feedback received from CSOs, the PIOS has designed and launched a user-friendly [Redacted]⁸ platform that serves as a centralized repository for relevant information and public materials published on the Court's website and social media channels in relation to the Situation. Versions with content in Arabic and in Hebrew, respectively, were launched in parallel.⁹ The content is clearly structured with a visual layout to facilitate navigation and reduce the need for users to consult multiple webpages to find the information they need. Building on the positive experience from another situation, where a similar resource was welcomed by partners and stakeholders, the platform will be shared with relevant groups to support broader and more equitable access to information. The platform will be populated with new documents and information materials over time.
11. Where and when applicable, key stakeholders are informed of Situation-related updates published on the Court's website.

b. Activities carried out by the VPRS and information received

12. During the reporting period, the VPRS sustained its core activities in the Situation through different approaches, including remote and in-person engagement. It responded to requests from victims and other interlocutors seeking information about matters relating to victim participation and relevant judicial developments in the Situation. It also continued its close collaboration with several teams of legal representatives of victims ("LRVs"),¹⁰ responding to their requests for information regarding procedural developments, victims' rights and legal representation of victims.
