Introduction

1. Pursuant to the recently adopted regulation 66*ter*(2),[1] and recalling its 14 February 2022 decision not to open an investigation in the *Situation in the Plurinational State of Bolivia* ("Bolivia"),[2] the Prosecution hereby provides Pre-Trial Chamber I ("the Chamber") with the information "in writing" required by regulation 66*ter*(2)(a) and respectfully requests closure of the record of the situation.

Submissions

2. On 22 June 2026, the Judges adopted regulation 66*ter*, creating a mechanism for the closure of situation records.[3] Pursuant to regulation 66*ter*(2):

> (a) When the Prosecutor, having provided information in accordance with regulation 45, sub-regulation 1, decides not to initiate an investigation, […] , he or she shall inform in writing the Pre-Trial Chamber to which the situation has been assigned.
>
> (b) Having been so informed, the Pre-Trial Chamber may, upon application *or proprio motu*, order the Registrar, when appropriate, to close the record of the situation. […]
>
> (c) The closure of the record of a situation shall be without prejudice to a future reopening should the Prosecutor decide to initiate or resume the investigation in accordance with the Statute, the Rules and these Regulations.

3. The requirements of regulation 66*ter*(2) for the closure of the situation record are met. Notably, the Prosecution recalls that:

- On 9 September 2020, in accordance with regulation 45, the Prosecutor notified the Presidency of her receipt of a referral from Bolivia pursuant to article 14 of the Statute.[4]
- On 14 February 2022, the Prosecutor announced his determination that the legal requirements for opening an investigation in the situation were not met. In particular, the Prosecutor concluded that there was no reasonable basis to believe that the acts

[2] ICC Office of the Prosecutor, *ICC Prosecutor, Mr Karim A. A. Khan QC, concludes the preliminary examination of the Situation in Bolivia and determines that an investigation is not warranted*, 14 February 2022.

allegedly committed in Bolivia, in connection with the August 2020 road blockade campaign, constituted crimes against humanity within the meaning of the Statute.[5] The Prosecutor issued a detailed report presenting and explaining the Office's findings.[6] No request for review of the Prosecutor's decision was made by Bolivia pursuant to article 53(3), and such a request would now be time-barred.

4. The Prosecution now provides the information in writing required by regulation 66*ter*(2)(a). Furthermore, since 14 February 2022, the Prosecution notes that the only filings made in the situation record have been purely administrative in nature. Consequently, given all the circumstances and also having regard to the consideration in regulation 66*ter*(2)(c), the Prosecution submits that it is appropriate for the Chamber to close the record of the situation.

Conclusion

5. Having decided not to initiate an investigation in the *Situation in the Plurinational State of Bolivia*, and having now expressly provided the information in writing required by regulation 66*ter*(2)(a), the Prosecution respectfully requests the Chamber to close the record of the situation pursuant to regulation 66*ter*(2)(b).
