Trial Chamber III ("Chamber") of the International Criminal Court in the case of *The Prosecutor v. Jean-Pierre Bemba Gombo* ("Bemba case") issues the following Decision on the "Prosecution's Submission pursuant to the Order on the classification of items admitted into evidence" ("Decision").

1. On 11 December 2013, the Chamber issued its "Order on the classification of items admitted into evidence" ("Order 2921"),¹ in which, noting some uncertainty in the record of the case as to the level of confidentiality of some of the items admitted into evidence, it ordered the parties and the participants to review the level of confidentiality of all items originating from them and, *inter alia*, to request that the Chamber reclassify as public, with or without redactions, items for which the reasons for maintaining their confidentiality no longer existed or to inform the Chamber of the reasons for maintaining the confidentiality of all items for which no reclassification as public was requested, by 10 January 2014 at the latest.²
2. On 10 January 2014, the Office of the Prosecutor ("prosecution") submitted its "Prosecution's Submission pursuant to the Order on the Classification of Items Admitted into Evidence" ("Prosecution Submission"),³ in which, out of the 517 items originating from the prosecution, it requests that the Chamber reclassify as public 63 items. Among these items, the prosecution submits that 22 could be reclassified as public without further redactions and that 41 need to be redacted before being reclassified as public; the prosecution states that it will make proposals as to the necessary redactions in a separate filing.⁴

⁴ ICC-01/05-01/08-2931, paragraph 5(b).

3. On 24 January 2014, with the Chamber's authorisation,⁵ the prosecution filed its "Prosecution's Request for Reclassification of 40 admitted Documents as Public and for Application of Redactions" ("Proposals for Redactions"),⁶ in which it proposes redactions to a total of 40 documents currently classified as confidential, comprised of the statements of six witnesses and the expert reports of two experts, in order to enable their reclassification as public.⁷ The proposals for redactions are included in Annexes 1 to 40.
4. On 31 January 2014, the defence for Mr Jean-Pierre Bemba ("defence") filed its "Defence Response to the Prosecution Submissions on the Reclassification of Documents",⁸ in which it indicates that it takes no position on the proposed reclassification of documents contained in the Prosecution Submission.⁹ However, the defence submits that it opposes the prosecution request to maintain the level of confidentiality of (i) the dossier of 203 *procès-verbaux d'audition de victime*, submitted through Witness P-9 ("Dossier"); and (ii) the photographs and video [REDACTED].¹⁰
5. In general, the defence submits that "the reclassification of exhibits as public makes the filing of briefs and writing of judgements an easier and more transparent process", and that reclassification at this stage "represents little or no threat to witness protective measures".¹¹ In relation to the Dossier, the defence submits that "there is an insufficient basis" to maintain its confidentiality.¹² In particular, the defence recalls that Witness P-9 was not

subject to protective measures and did not voice any concern that he may be harmed as a result of his testimony.¹³ The defence further submits that the victims listed in the Dossier are not subject to protective measures in the case, nor are they participating as victims.¹⁴ The defence argues that the victims “necessarily made the statements in the knowledge that they would be used in the context of judicial proceedings” and the prosecution should not have given guarantees that they would remain confidential.¹⁵ The defence submits that the responsibility for decisions concerning the public or confidential status of documents rests with the Chamber and that if the Chamber was of the view that the victims’ identities should not be revealed to the public, redactions would ensure their anonymity.¹⁶ Lastly, the defence avers that the fact that the Chamber admitted the Dossier over defence objection on the basis that it was relevant to the contextual elements of the crimes charged and the assessment of the testimony of Witness P-9, also weighs in favour of its reclassification as public.¹⁷

6. As to the photographs and video [REDACTED]. As such, the defence submits that the importance of the items to the case weighs in favour of their reclassification as public, with necessary redactions.¹⁸
7. In accordance with Article 21(1) of the Rome Statute (“Statute”), the Chamber has considered Articles 64(2), 64(6)(c), 64(7), 64(10), 67(1), 68 and 69(5) of the Statute, Rules 87 and 137(2) of the Rules of Procedure and Evidence, Regulations 20(3), 21(7), 23bis(3) and 26 and of the Regulations of the Court and Regulations 10, 14 and 18 of the Regulations of the Registry.

Preliminary Issues

8. The Chamber notes that, although the Prosecution Submission states that the request for reclassification comprises 22 documents,¹⁹ the Annex only lists 20 documents currently classified as confidential for which reclassification as public is requested.²⁰ The Chamber further notes that the prosecution identifies 23 additional items in its Annex that should be classified as public, which appear to be part of the documents referred to in Order 2921 as for which the level of confidentiality was either unclear or has not been previously provided in eCourt.²¹ As such, in the present Decision the Chamber will address only the request for reclassification of the 20 items currently classified as confidential. As for the remaining items, the Chamber reminds the Registry that, as soon as possible, it should update the information in eCourt as to the level of confidentiality of items which was either unclear or has not been previously provided, as instructed by the Chamber in its Order 2921, paragraph 4(c).²²
9. The Chamber further notes that in the Prosecution Submission and Annex, the prosecution indicates that it will submit proposals for redactions to 41 items of evidence. However, the prosecution's Proposals for Redactions only include 40

items of evidence and make no reference to item CAR-OTP-0064-0547 (EVD-T-OTP-00119), the report of military expert Witness P-219,²³ with no explanation as to why no proposals for redactions were submitted. As such, the Chamber postpones its decision on the reclassification of this item and orders the prosecution to submit the relevant proposals for redactions or to inform the Chamber that it can be reclassified as public without redactions, within two weeks of notification of the present Decision.

10. In addition, the Chamber notes that items CAR-OTP-0001-0547 (EVD-T-OTP-00253), CAR-OTP-0002-0004 (EVD-T-OTP-00255), CAR-OTP-0002-0029 (EVD-T-OTP-00263) and CAR-OTP-0002-0031 (EVD-T-OTP-00265) are incomplete duplicates of items CAR-OTP-0001-0546 (EVD-T-OTP-00252), CAR-OTP-0002-0002 (EVD-T-OTP-00254), CAR-OTP-0002-0028 (EVED-T-OTP-00262) and CAR-OTP-0002-0030 (EVD-T-OTP-00264), respectively. As such, in order to avoid duplication, the Chamber instructs the Registry to remove from the record of the case items CAR-OTP-0001-0547 (EVD-T-OTP-00253), CAR-OTP-0002-0004 (EVD-T-OTP-00255), CAR-OTP-0002-0029 (EVD-T-OTP-00263), and CAR-OTP-0002-0031 (EVD-T-OTP-00265).
11. The prosecution notes that in relation to two *Mouvement de Libération du Congo* ("MLC") lists of statistics of criminality – items CAR-OTP-0017-0349 (EVD-T-OTP-00450) and CAR-OTP-0017-0351 (EVD-T-OTP-00451) – redacted versions already exist in eCourt, (CAR-OTP-0017-0349_R01 and CAR-OTP-0017-0351_R01) which could be reclassified as public. Taking into account the nature of the documents, the Chamber is satisfied that the redacted versions can be reclassified as public.

²³ Mentioned in ICC-01/05-01/08-2931-Conf-AnxA, page 48, item 460.

12. The Chamber further notes that in a decision of 19 November 2010 ("Decision 1022"),²⁴ it instructed the Registry to assign EVD-T numbers to all materials included in the prosecution's Revised List of Evidence.²⁵ Further, although Decision 1022 was reversed by the Appeals Chamber,²⁶ in a decision of 15 November 2011 ("Decision 2012") the Chamber instructed the Registry to maintain the EVD-T numbers assigned pursuant to Decision 1022.²⁷ At this stage of the proceedings the Chamber considers it appropriate to instruct the Registry to remove the EVD-T numbers assigned to all items not admitted into evidence in the trial proceedings. For the purpose of clarity, the Chamber appends Annex A to the present decision, containing a list of all items admitted into evidence in the trial proceedings, excluding only the four items the Chamber orders be removed from the record of the case in paragraph 10 above. The parties and participants are reminded to refer in their final submissions only to admitted items, as listed in Annex A.

Items that the prosecution requests be reclassified as public with no redactions

13. The prosecution requests the reclassification as public, with no redactions, of the following items: (i) CAR-OTP-0065-0023 (EVD-T-OTP-00607), the Expert Report of Witness P-229; (ii) CAR-OTP-0065-0043 (EVD-T-OTP-00686), the English Translation to the Expert Report of Witness P-229; (iii) CAR-OTP-0004-0065 (EVD-T-D04-00016), a document from the Court of Appeal of Bangui of the Central African Republic ("CAR"), dated 17 August 2004, entitled « *Réquisitoire de non-lieu partiel et de renvoi devant la cour criminelle* » ; (iv) CAR-OTP-0042-0237 (EVD-T-D04-00019), a document from the CAR's Ministry of

Taking into account the nature of the documents, and the information they contain, the Chamber is satisfied that the abovementioned documents can be reclassified as public with no redactions.

Items that the prosecution requests be reclassified as public with redactions

14. The Chamber notes that the prosecution proposes limited redactions to the written statements, and corresponding translations, of (i) Witness P-42, items CAR-OTP-0027-0786 (EVD-T-OTP-00025), CAR-OTP-0027-0809 (EVD-T-OTP-00026), CAR-OTP-0027-0845 (EVD-T-OTP-00027), CAR-OTP-0049-1300 (EVD-T-OTP-00668), CAR-OTP-0049-1323 (EVD-T-OTP-00669) and CAR-OTP-0049-1361 (EVD-T-OTP-00670); (ii) Witness P-73, items CAR-OTP-0039-0315_R01 (EVD-T-OTP-00028), CAR-OTP-0039-0341_R01 (EVD-T-OTP-00029), CAR-OTP-0039-0368_R01 (EVD-T-OTP-00030), CAR-OTP-0051-0003_R01 (EVD-T-OTP-00671), CAR-OTP-0051-0031_R01 (EVD-T-OTP-00672) and CAR-OTP-0051-0059_R01 (EVD-T-OTP-00673); (iii) Witness P-209, items CAR-OTP-0057-0066_R02 (EVD-T-OTP-00676), CAR-OTP-0057-0080_R01 (EVD-T-OTP-00055), CAR-OTP-0057-0096_R01 (EVD-T-OTP-00056), CAR-OTP-0057-0107_R01 (EVD-T-OTP-00057), CAR-OTP-0057-0128_R01 (EVD-T-OTP-00058), CAR-OTP-0057-0153_R01 (EVD-T-OTP-00059), CAR-OTP-0058-0013_R02 (EVD-T-OTP-00677), CAR-OTP-0058-0025_R01 (EVD-T-OTP-00678), CAR-OTP-0058-0043_R01 (EVD-T-OTP-00679), CAR-OTP-0058-0056_R01 (EVD-T-OTP-00680), CAR-OTP-0058-0079_R01 (EVD-T-OTP-00681) and CAR-OTP-0062-0086_R01 (EVD-T-OTP-00683); (iv) Witness P-6, item CAR-OTP-0005-0099 (EVD-T-OTP-00044); (v) Witness P-9, items CAR-OTP-0010-0107 (EVD-T-OTP-00045) and CAR-OTP-0010-0120 (EVD-T-OTP-00046); and (vi) Witness P-23, items CAR-OTP-0008-0033_R04 (EVD-T-OTP-00014), CAR-OTP-0034-0106_R02 (EVD-T-OTP-00738), CAR-OTP-0008-0050_R03 (EVD-T-OTP-00015), CAR-OTP-0034-0123_R02 (EVD-T-OTP-00739), CAR-OTP-0008-0088_R03 (EVD-T-OTP-00016), CAR-OTP-0034-0154_R02 (EVD-T-OTP-00740), CAR-OTP-0008-0112_R03 (EVD-T-OTP-00017) and CAR-OTP-0034-0170_R02 (EVD-T-OTP-00741). In the same token, the prosecution proposes limited redactions to the expert reports, and corresponding translations, of (i) Witness P-221, items CAR-OTP-0064-0560 (EVD-T-OTP-00003) and CAR-OTP-0064-0621 (EVD-T-OTP-00685); and (ii)

Witness P-222, items CAR-OTP-0064-0305 (EVD-T-OTP-00053) and CAR-OTP-0064-0577 (EVD-T-OTP-00684).

15. Having reviewed the proposals for redactions submitted by the prosecution, the Chamber is satisfied that the abovementioned documents can be reclassified as public once the redactions proposed in the Annexes to the prosecution's Proposals for Redactions are applied.
16. As to item CAR-OTP-0010-0170_R03 (EVD-T-OTP-00047), the Chamber notes that it contains two written statements of Witness P-9,²⁸ but redactions have been proposed only in relation to the first statement. As such, the Chamber postpones its decision on the request for reclassification of this item and orders the prosecution to submit the relevant additional proposals for redactions or to inform the Chamber that the second statement can be reclassified as public with no further redactions, within two weeks of notification of the present Decision.

Items that the prosecution requests remain confidential

17. The Chamber notes that of the 513 items originating from it (excluding the 4 items the Chamber orders be removed from the record of the case in paragraph 10 above), the prosecution proposes to maintain the confidentiality of 384 items. In line with its duty to ensure the publicity of the proceedings, in full respect for the rights of the accused and due regard for the protection of victims, witnesses, and confidential information, the Chamber is of the view that, with the application of appropriate redactions, most of these items could be reclassified as public.

²⁸ The second statement starts at ERN CAR-OTP-0010-0192.

18. In relation to the Dossier of 203 *procès-verbaux d'audition de victime*, submitted through Witness P-9,²⁹ the Chamber is of the view that, although the victims

mentioned in the Dossier have not been granted protective measures in the Bemba case, they deserve protection as third persons at risk on account of the Court's activities. In the view of the Chamber, such protection could be ensured by redacting from each *procès-verbal d'audition de victime*, the name, gender, place of birth, age, place of residence, occupation, civil status, nationality, signature and/or fingerprint and any other information that could lead to the victim's identification. As such, the Chamber instructs the prosecution, to upload to eCourt a public redacted version of the full Dossier, applying redactions to the information specified above, within four weeks of the notification of the present Decision.

their confidentiality, namely, that the witness “testified in closed session”.³³ The Chamber notes that *all* statements admitted into evidence in the trial proceedings and *all* transcripts of the in-court testimony of witnesses, regardless of the protective measures granted, will be reclassified as public with the necessary redactions.³⁴ The Chamber sees no reason for the transcripts of the prior recorded interviews with Witness D04-19 to be treated differently. In the view of the Chamber, as long as the video recording is kept confidential, the corresponding transcripts could be reclassified as public if identifying information of the witness, victims or any other person at risk on account of the Court’s activities is sufficiently redacted. As such, the Chamber instructs the prosecution, in coordination with the VWU, to upload public redacted versions of all transcripts of interviews with Witness D04-19 to eCourt, applying the necessary redactions to protect witnesses, victims or any other person at risk on account of the Court’s activities, within four weeks of the notification of the present Decision.

As such, the Chamber instructs the prosecution, in coordination with the VWU, to upload public redacted versions of the abovementioned documents to eCourt, applying the necessary redactions to protect witnesses, victims or any other person at risk on account of the Court's activities, within four weeks of the notification of the present decision.
