Dear counsel,
Dear colleagues,

The Chamber notes the submission of items by the Prosecution following the testimony of P-0565. (Email from the Prosecution dated 27 November 2020 at 13:45 and corresponding attachment). The Chamber notes the Defence does not wish to submit any items through this witness.

The Chamber takes note of the Defence's objections to items the Prosecution seeks to submit through P-0565 (E-mail from the Defence of 2 December 2020 at 15:53) and the Prosecution's reply thereto (E-mail from the Prosecution of 3 December 2020 at 17:36).

The Chamber has had due regard to the email exchanges between the parties as a result of their respective submission of items following the testimony of P-0565.

The Chamber notes that the Prosecution requests the submission of four items that have already been submitted through P-0065. Accordingly, the request is moot as submission of an item on the case record occurs only once. Nonetheless, the Chamber notes that the items were shown and commented upon by P-0565 in her testimony and will take this, as well as the Defence's objections, into consideration in the analysis of the admissibility and the weight to be given to each item of evidence in the Chamber's judgment pursuant to Article 74 of the Statute.

Kind regards,
