Subject: ICC-02/04-01/05 – Single Judge order to re-upload items in Nuix - public

Dear Prosecution,
Dear Registry,

The Single Judge has noted that four items disclosed and relied upon by the Prosecution for the confirmation hearing are currently not viewable in Nuix. These items are:

- **ISO Logbook:** [UGA-OTP-0232-0234](#)
- **ISO Logbook:** [UGA-OTP-0068-0146](#)
- **ISO Logbook:** [UGA-OTP-0063-0002](#)
- **UPDF Logbook:** [UGA-OTP-0255-0228](#) - intermittently accessible

CMS has informed the Chamber that it is working with the vendor to resolve the issue; however, this is unlikely to be resolved before the confirmation hearing starting 9 September 2025.

Having consulted with the Registry, the Chamber instructs the Prosecution to liaise with the Registry to upload the four items listed above in a format compatible with Nuix for visualization by the Chamber and all parties and participants. This upload should be completed no later than 22 August 2025. The Prosecution is requested to notify the Chamber, parties and participants by email once the upload is complete.

Thank you and kind regards,

On behalf of Judge Alexis-Windsor, Single Judge
