Additional remarks:

The certification of the prior recorded testimony was conducted with the assistance of an Associate Court Interpreter from the Registry Language Services Section.

Witness informed certifying officer that he did not bring his ID card to the certification due to having forgotten the ID document in the jacket he was wearing earlier in the day. In order to verify his ID during the certification, the witness was asked additional questions on information stated on copy of his ID, which was provided to the Registry by the Defence (we asked date and place of birth, parents and occupation). The certifying officer showed the witness the copy of the ID document and he confirmed it is his ID. The picture on the ID resembles the witness.

The witness also had a phone with him at the certification and was asked to put it away.
