Explanatory Annex

On 23 March 2016, the Prosecution filed the “Prosecution’s request to clarify the scope of the Chamber’s oral decision of 17 March 2016 limiting the use of documents in re-examination and in the alternative, leave to appeal the decision”, filing ICC-02/11-01/15-469.

Software problems with Microsoft Word and inadvertent formatting issues prior to filing caused incorrect word and page limits for the original filing. This corrigendum corrects this, by deleting and further editing footnote text. The length of the document has been re-formatted to fit 20 pages. No substantive changes have been made, nor has the substantive main text been altered.¹
