Dear Defence Counsel:

In relation to your request of 12 May 2017 at 15:00, there is no indication that the Defence has sought the Registry's assistance in relation to this matter before seizing the Chamber. No action will be taken by the Chamber until the Defence first demonstrates that it has been unable to work out a suitable arrangement with the Registry.

Best,

Trial Chamber IX

[REDACTED]

Dear Trial Chamber,

I am writing on behalf of the Ongwen Defence to request authorisation from the Trial Chamber for the one-time provision of a copy of certain metadata from e-court by the Registry.

The Trial Chamber has ordered the Registry to track the submission of evidence (both following witness testimony and bar-table motions). The Registry has been diligently tracking this information in the e-court fields:

- EVD - Admission Status at Trial and others,
- EVD - Court Officer,
- EVD - Date Used; and
- EVD - Submitted By Counsel

The Defence has been tracking this information concerning submission at trial in the Defence Ringtail; however, having limited resources, and considering the amount of documents and information involved, the provision of this meta-data (e.g. the four fields mentioned above along with the ERNs to which they correspond) to import into Ringtail would greatly assist the Defence addressing the back-log and removing any inconsistencies that could create confusion.

I have also copied [REDACTED] on this email as I believe he may be able to provide some further technical background for this request should it be required by the Chamber.

Kind regards,
