The Prosecution this afternoon filed its anticipated request to disclose to the Defence lesser redacted versions of 43 victim applications, identified as applications made by family members of Prosecution trial witnesses. The filing is expected to be notified today.

Some applications included in this request relate to witnesses P-0269 and P-0252 who will testify in the next two weeks. The Prosecution requests that the decision with regard to these applications be made as soon as possible, and in advance of these witness' examination. The Prosecution has already brought the affected victim applications related to P-0252 and P-0269 to the attention of the respective victim legal representatives in the interests of expediting the procedure.
