Subject: RE: In-court protective measures for UGA-D26-P-0049

Dear colleagues,

The Chamber notes the VWU assessment on protective measures for witness D-49 (e-mail of 21 September at 12.43).

In its e-mail, the VWU informs the Chamber that the witness has requested protective measures. The VWU also recommends protective measures for this witness, in the form of face and voice distortion and use of private sessions. The VWU has also alternatively recommended the use of limited use of private sessions for certain parts of the testimony.

The Chamber observes that this witness has become willingly a public figure. [REDACTED]

Understood the above circumstances, the Chamber considers that no protective measures are warranted for this witness pursuant to Article 68(2) of the Statute. Nonetheless, the Chamber acknowledges the VWU's concerns [REDACTED]

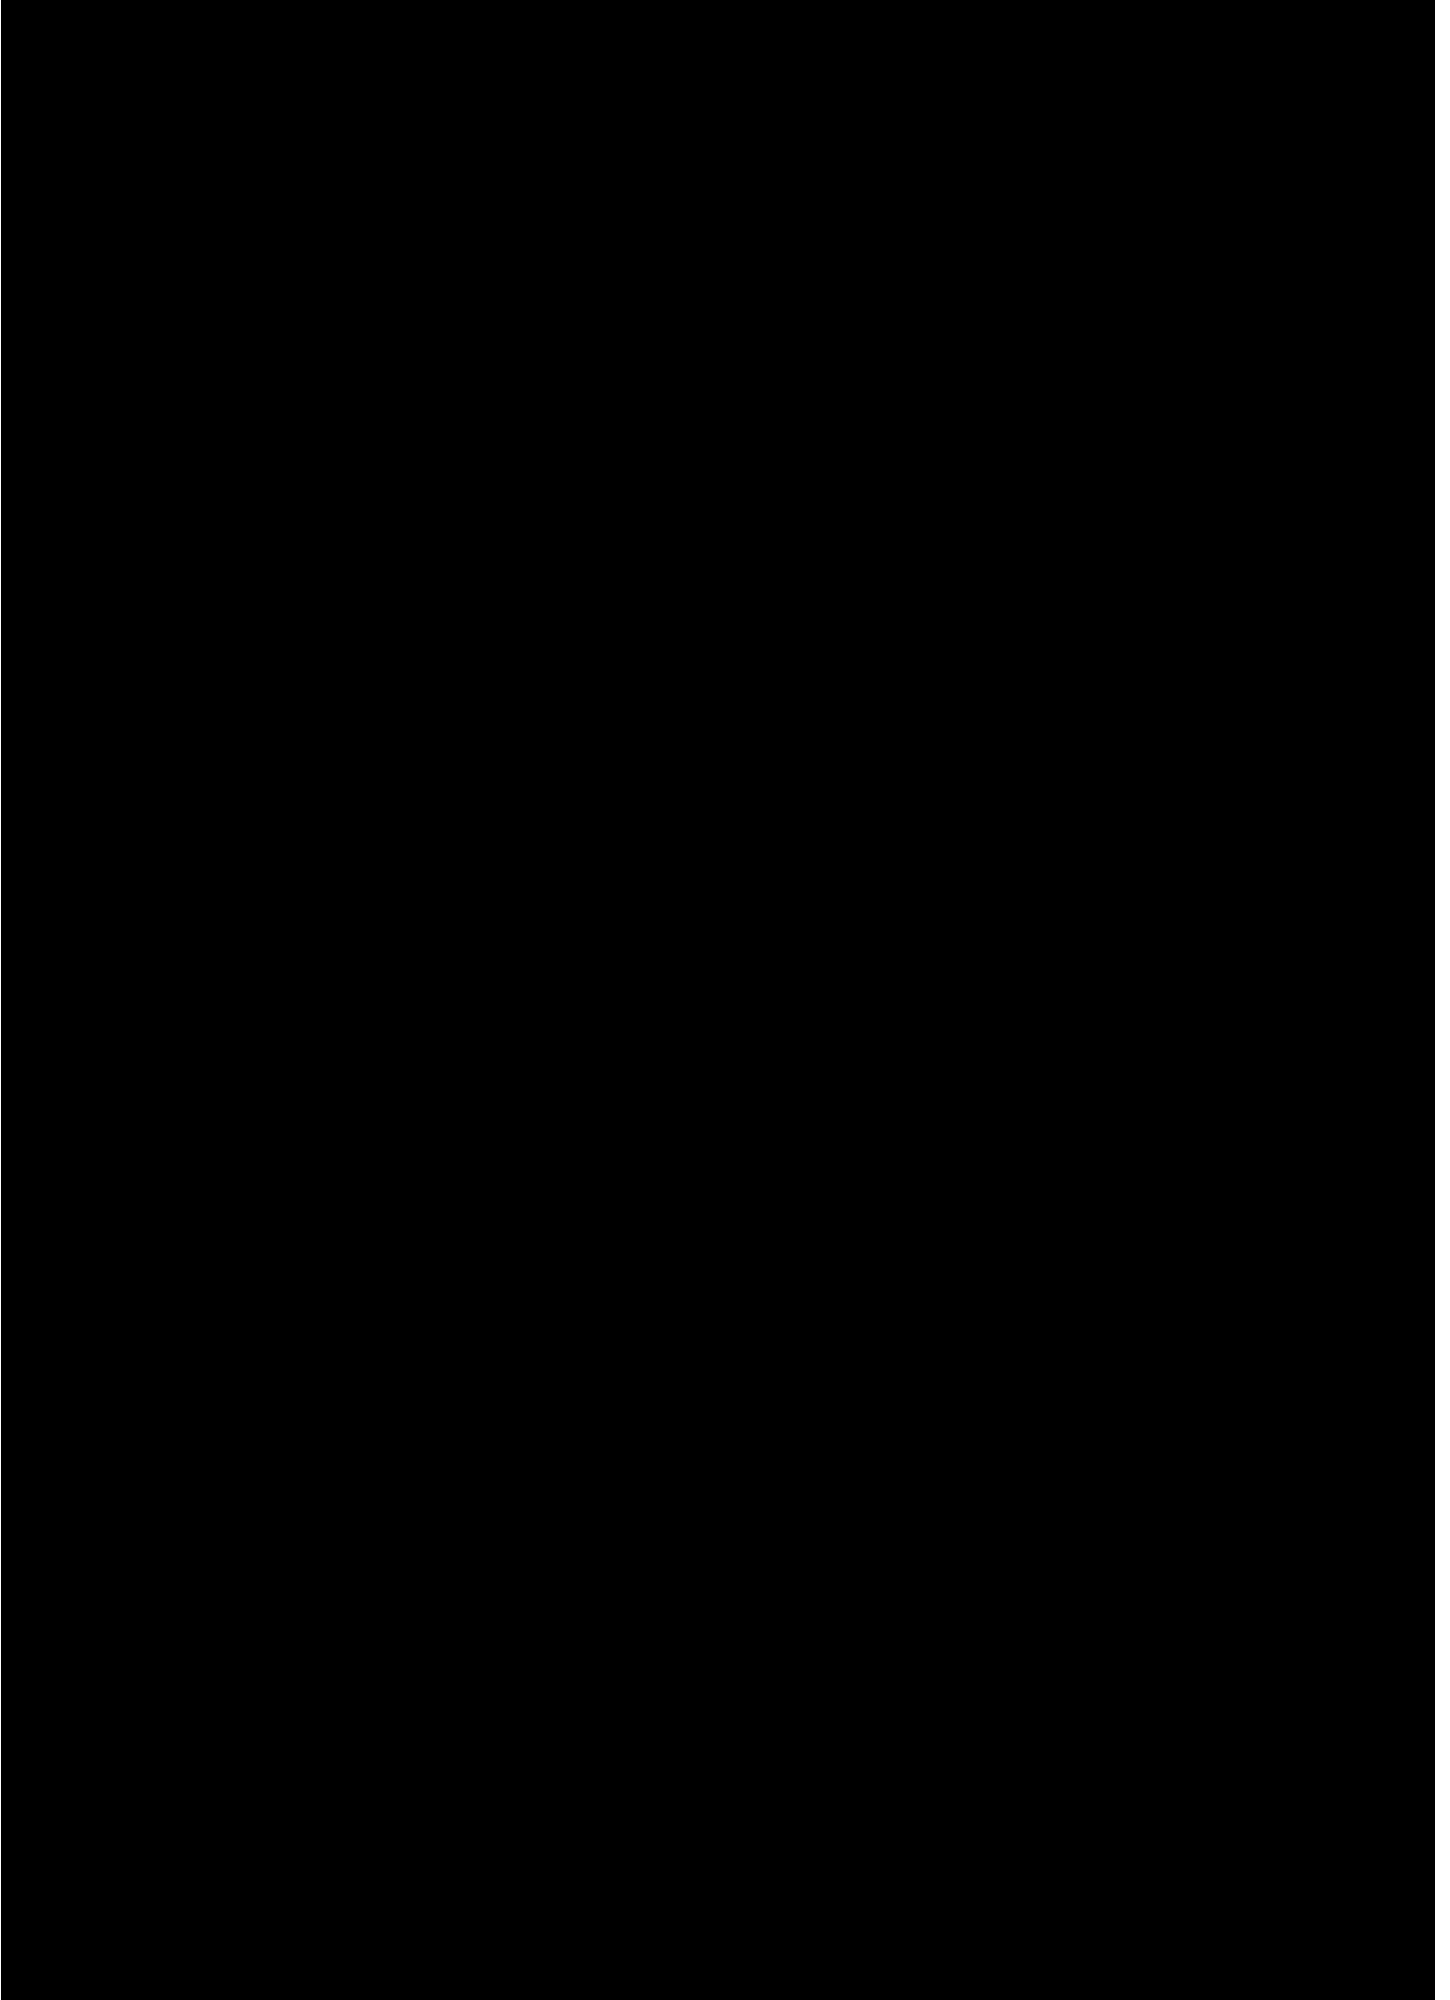

Regards,
 Trial Chamber IX
