Subject: Confirmation of transmission of documents to the medical experts in Al Hassan

Dear Trial Chamber X,

The Registry would hereby like to confirm to the Chamber that the medical experts have been informed of the decision on their request for extension of the deadline and that, as to the Registry's knowledge, the Panel has been provided with the relevant documents in line with the Chamber's instruction, including an index of the documents that have been provided.

The Registry has also reached out to the experts last Wednesday, 7 October 2020, to inquire whether they would require any further documents and asked them to kindly specify which additional documents and/or index of documents they would need.

Today at 17:16, the Registry received a reply from the experts indicating that they would not know which documents they require unless they have an overview of all the existing documents and therefore, requested access to "all the prosecution documents". Given that the decision on the access to these documents does not fall within the remit of the Registry, the Registry hereby transmits this request to the Chamber.

The Registry remains available for any further clarifications.

Kind regards,

[REDACTED]
