 Subject: RE: List of material for Witness MLI-OTP-P-0653

Dear colleagues,
 Dear counsel,

The Chamber notes the Prosecution's request to obtain a better quality paper copy of P-0653's report. The Chamber observes the Prosecution's submission that the document is an exact copy of the expert report already in possession of the Prosecution and as disclosed to the Defence.

The Chamber also notes the Prosecution's confirmation that it will disclose a courtesy copy to the Defence immediately and will register it in the Ecourt before the testimony, due to start on Wednesday, 14 October.

In light of the above, the Chamber considers that no prejudice is caused to the Defence for this late disclosure. This is however without prejudice to any eventual request to add the item to the Prosecution's list of evidence and the Chamber's determination thereof.

Kind regards,

[REDACTED]
 (on behalf of Trial Chamber X)

Subject: RE: List of material for Witness MLI-OTP-P-0653

Dear Trial Chamber X,

During the preparation session with Witness P-0653 on 8 October 2020, the Witness stated (at page 3 of the witness preparation log in attachment) that the scanned version of her report in the possession of the Office of the Prosecutor is not optimal and was of lower quality than the original paper copy that her office had sent.

The Office of The Prosecutor never received this original paper copy of this report (which was signed on 4 March 2020). The Witness stated during the preparation session (p.3) that it might have been blocked somewhere because of the COVID confinement.

The Witness is presently in possession of a good quality copy of her report and therefore the Office of the Prosecutor seeks leave from the Trial Chamber to obtain this report, disclose a courtesy copy to the Defence immediately and have it registered before the testimony of P-0653 on Wednesday.

Best Regards,

Gilles Dutertre
