Subject: TC X - Single Judge Decision on Defence request ICC-01/12-01/18-1748-Conf

Dear Counsels,

The Single Judge notes Defence request [REDACTED] which seeks an extension of the time limits to file its responses to Prosecution requests [REDACTED] and ICC-01/12-01/18-1727-Conf. The Single Judge further notes the Prosecution's response (email of 22 September 2021 at 16:28), indicating that it does not oppose a discrete extension of time but that the suggested dates are not justified.

Pursuant to Regulation 35 of the Regulations of the Court, the Single Judge is of the view that the Defence presented valid grounds for an extension of time, but finds it appropriate to set a shorter deadline than that requested by the Defence. Having considered the parties submissions, notably as regards other competing deadlines and obligations, as well as the specific requirements of Rule 68(2)(b) of the Rules, the Single Judge sets to [REDACTED] and **14 October 2021** (for Request 1727) the respective time limit for any responses to these pending motions.

Kind regards,

[REDACTED]
On behalf of the Single Judge of Trial Chamber X
